SKILLS

- Programming Languages (javascript, python)
- Tools and Technologies (React javascript, next.js, node.js, express, mongo db, prisma, sql, REST API)
- soft skills (problem solving, Teamwork, Public Relation, Time management)
- Other tools (git, github, Api testing with postman, familiar with basic redis and docker)
- Data Science (Still Learning)
- Mobile Development:- (Developed cross-platform mobile apps using React Native & Expo basics.)

EDUCATION

2023 - 2026

BACHELOR OF COMPUTER APPLICATION

kksu nagpur university

LANGUAGES

- English (Fluent)
- Hindi (Native speaker)

KAIF QURESHI

ABOUT ME

Full-Stack Developer with expertise in React, Next.js, Node.js, and MongoDB, passionate about building scalable and user-centric applications. Experienced in creating real-time collaborative platforms, e-learning solutions, and mobile apps using React Native & Expo. Currently expanding skills in Data Science and Machine Learning with Python, Pandas, NumPy, and Jupyter. Strong problem-solving mindset with a focus on delivering impactful projects and continuous learning.

PROJECTS (before see the project wait for the 1m)

Ero.io (Full stack web App)

2025

- Collaborative Whiteboard App (Next.js, Convex, Liveblocks, Clerk, Tailwind)
- Built a real-time collaborative whiteboard with multi-user cursor presence, drawing tools, grid snapping, and smart alignment guides.
- Designed responsive UI and implemented smooth collaboration for teams.

Kai-Ecommerce Shoes - Full-Stack Web App

2024

- Developed a scalable e-commerce platform using Next.js, React (TypeScript), Prisma, PostgreSQL, and Tailwind CSS.
- Integrated Kinde authentication, Stripe payments, and Upstash Redis for secure and optimized performance.
- Deployed on Vercel, ensuring fast, reliable, and responsive user experience.

2024

Kai-Elearning - Full-Stack Learning Management System (LMS)

- Built a feature-rich LMS platform with role-based dashboards (Student, Teacher, Admin) for seamless online learning.
- Designed interactive course tracking, analytics, and reports to monitor student performance.
- Integrated VdoCipher for secure video streaming, Socket.io for real-time chat/notifications, and Next-Auth for authentication.
- Developed responsive UI with Next.js, React, TypeScript, Tailwind CSS, ShadCN, MUI, and Framer Motion.
- Optimized backend using Node.js, Express.js, MongoDB, Redis caching, and deployed for scalability.

Kai-Social - Full-Stack Social Media Web App

2024

- Built a social media platform with features similar to Instagram & WhatsApp including post creation, comments, likes, and profile management.
- Designed a responsive and modern UI using React, Tailwind CSS, MUI, Chakra UI, and Framer Motion.
- Tech stack: React, Tailwind, MUI, Chakra, Framer Motion, Node.js, Express, MongoDB.
